## **MPP's Enjoy "Smokin' Beef" from Amaranth at Queens Park**

(Queen's Park) –Sylvia Jones, MPP (Dufferin-Caledon) today attended a "Queen's Park Lunchtime Farmers Market" with Amaranth business owner Wayne Speers of Speers Farm.

The front lawn of Queens Park turned into a real farmers market around 11:00 with business owners from across the province lining up to showcase the best fruits, vegetables, meats, and desserts Ontario has to offer.

"An event like this is a great venue for small business owners like Wayne Speers to showcase great Ontario products," said Jones. "Not only are the Speers family famous for their meats in Amaranth, but they are now famous in Toronto."

The longest line-up could be found at the Speers Farm booth, where many MPP's, including Jones could enjoy a sausage, hamburger or a beef frank.

The Speers family has been farming in the Orangeville area since 1841.
