PETITION TO THE PARLIAMENT OF ONTARIO

• **WHEREAS** Ontarians who applied for the Ministry of Training Colleges and Universities Second Career and provincial retraining programs prior to the programs review are now subjected to a new set of rules;

• **WHEREAS** prior to the review, applications were processed by course start date and not by the date the application was received. This left applicants waiting in a queue, while others moved to the head of the line and received funding;

• **WHEREAS** the Liberal government is subjecting all applications in the program to the new standard, regardless of application date;

WE THE UNDERSIGNED petition the Legislative Assembly of Ontario as follows.

That the McGuinty government must reinstate the initial rules for Second Career applications submitted prior to the review in September 2009.
