Jones Acknowledges Legion Week in the Legislature

(Queen's Park) – Sylvia Jones, MPP (Dufferin-Caledon) yesterday spoke in the Legislature of the importance of remembering our veterans during this Legion Week.

“At every event I attend organized by the Legion I am reminded of the important role they play,” said Jones. “Whether it’s sponsoring a public speaking competition for students, fundraising to upgrade their facility for better accessibility to meet the needs of their community or providing assistance to a soldier returning from Afghanistan, the Legion is a pillar of support in Dufferin-Caledon.”

Since it’s inception more than 80 years ago, Legions have honoured Canada’s war dead through many acts of remembrance and by providing support and a strong voice for our service members; both past and present, and their families.

“I applaud every Legion member this week for their incredible contributions and outreach in our communities,” said Jones.
